How to accelerate the application process

The more information we have, the faster we can assess and approve your client's application. You can help by:

- using the Adviser Portal
- authorising us to arrange your client's medical requirements – your client can do this in the application form
- authorising telephone contact with your client so we can call your client directly if we need to resolve any missing details or clarify information provided
- providing medical notes and/or additional financial notes and expanding on the medical conditions
- explaining occupational duties and any risky pastime pursuits fully
- using the pre-assessment tool in the underwriting platform, and
- checking the evidence requirements and arranging them as soon as possible.

Legislation, CALI standards and guidelines

We follow the CALI (Council of Australian Life Insurers) Standards, Guidance notes and Life Code of Practice that have been set for Life Insurers.

Family History

This standard prescribes how insurance companies treat family history, particularly the collection and handling of family history information. It is closely related to the genetic standard.

Genetics

As a CALI member, MLC Life Insurance supports how genetic tests can be used in life insurance, as documented in the Life Insurance Code of Practice.

General Information

- We will not require, encourage or coerce an applicant into undergoing a genetic test when applying for insurance.
 - We will not use genetic test information to assess another family member's risk (for example, the genetic test of a parent will not be used to assess the risk of a child).
 - We will take into account the benefits of special medical monitoring, early medical treatment, compliance with treatment and the likelihood of successful medical treatment when assessing overall risk.
 - We will treat any genetic test results received as confidential.
 - We will provide the applicant or their medical practitioner reasons for any adjustment to premiums or policy conditions after assessing the application.
- If the policy owner and the Life Insured are different people, we will not share the Life Insured's personal information with the policy owner without their consent, except to the extent necessary to deal with an application, policy or claim. If we share personal information this will be in line with privacy and confidentiality requirements.

We are required to operate in accordance with a large number of legislative requirements, including, but not limited to, those contained in the:

- *Life Insurance Act 1995* (Cth)
- *Corporations Act 2001* (Cth)
- *Insurance Act 1995* (Cth)
- *Disability Discrimination Act 1992* (Cth)
- *Insurance Contracts Act 1984* (Cth), and
- Life Insurance Code of Practice.

Privacy

The *Privacy Act 1988* (Cth) governs how we handle an individual's personal information.

We consider the privacy of our customers' personal information to be extremely important and are committed to protecting their privacy.

We collect personal information (including sensitive information) about our customers for the purpose of providing, managing and administering the products and services they have with us. Where customers hold their insurance through superannuation, their personal information is also collected by NULIS Nominees (Australia) Ltd ABN 80 008 515 633 as trustee of the MLC Super Fund (**Trustee**). The Trustee is part of the Insignia Financial Group.

The Trustee is governed by Insignia Financial's privacy policy, which covers entities within the Insignia Financial Group. MLC Life Insurance is governed by its own privacy policy. These privacy policies are available at:

Trustee

mlc.com.au/privacy or call **13 26 52**.

We encourage you and your clients to review the privacy policies of both entities for further information.

A joint privacy notification, issued by MLC Life Insurance and the Trustee, is also set out in the MLC Insurance/MLC Insurance (Super) PDS and this summarises how personal information is collected, used and disclosed.

Policy amendments

If your client is in an accident, will their claim be considered?

Cover applies for a multitude of sickness or injuries, other than for an excluded condition. Each claim is assessed on their circumstances and on the evidence available at the time.

If the claimed condition was in no way associated with, nor aggravated nor complicated by, the excluded condition, then consideration would be given to payment of a claim.

For instance, if an individual has a back exclusion limited to the lumbar region and was subsequently paralysed as a result of serious spinal injuries in an unrelated accident, then if all other claim

conditions are met, the claim would be paid. Similarly, if a disease unrelated to the exclusion, such as cancer or osteomyelitis, suddenly afflicted the spine, providing all other requirements for the claim are met, the claim would be paid.

For disability claims, further to the above, if the individual's recovery from disability is not complicated or prolonged because of an excluded condition, then we will favourably consider the payment of the claim.

The decision as to the application of an exclusion to a claim will be reasonably made by reference to the exclusion wording, the policy terms and the circumstances of the claim.

Underwriting requirements tables

Medical requirements

The usual medical requirements for a new business application are set out in the following pages.

The medical evidence is based on age next birthday and the total combined sum insured payable by us on death, disability or a critical illness event, across all insurance cover with us.

These are our minimum requirements, in addition to the personal statement. We reserve the right to request additional medical examinations, tests or reports if required to complete the underwriting assessment.

Note: Child Critical Illness, Premium Waiver and Occupationally Acquired HIV, Hepatitis B or C insurance are not included to determine standard medical requirements.

Underwriting requirements tables

Medical requirements

Life Cover, TPD and Critical Illness

Table A: Life and TPD cover

Medical requirements are needed once the total Life or TPD sum insured with MLC reaches the levels in the table below.

Sum insured	Age next birthday			
	Up to 50	51 – 55	56 – 60	61+
No Requirements	Up to \$2,500,000	Up to \$1,500,000	Up to \$1,000,000	Up to \$500,000

Underwriting requirements tables

Income Protection and Business Expenses cover

Sum insured	Age next birthday		
	Up to 45	Up to 46-50	51+
No requirements	Up to \$15,000	Up to \$12,500	Up to \$10,000
MBA and Rapid Check	\$15,001+	\$12,5001+	\$10,001+

Business Expenses with Income Protection

An MBA and RapidCheck are required if the combined Income Protection and Business Expenses sum insured is over \$20,000. This is in addition to any other medical requirements for the Income Protection sum insured as shown in the table above.

Glossary of requirements

MBA	Non-Fasting Multiple Biochemical Analysis — Blood test
FBC	Full Blood Count — Blood test
ESR	Erythrocyte Sedimentation Rate — Blood test
Exercise ECG	Exercise or Stress Electrocardiogram
RapidCheck	Short examination including height, weight, abdomen measurement, blood pressure reading and urine dipstick test for glucose, albumin and blood — to be performed by the client's usual doctor or paramedical service provider.
Stress Echocardiogram	Stress Echocardiogram — refer to your Underwriting team for assistance arranging this.

As sums insured increase, requirements accumulate and where requirements overlap, the most comprehensive requirements will apply (eg where an Exercise ECG and a Stress Echocardiogram are indicated, arrange only the Exercise Echocardiogram).

Requirements may differ where your client has insurance in force with us and is applying to increase the amount of insurance. Please refer to MLC Life Insurance underwriting guide in the Adviser Portal for details on Increases.

Financial requirements

Personal insurance: Life Cover, TPD and Critical Illness

The table below shows the maximum insured amounts available, the amounts at which financial evidence is mandatory and the type of evidence required.

The maximum sum insured applies across all insurers and cannot be exceeded.

Financial evidence requirements for combined Life Cover, TPD stand-alone and Critical Illness stand-alone are based on the benefit that requires the most comprehensive financial evidence.

Cover type	Maximum sum insured	Requested sum insured	Financial evidence requirements
Life Cover	Amount that can be financially justified	Up to \$3,000,000	Nil if multiple of earnings requirement met – see table below
		\$3,000,001 to \$5,000,000	Statement of Advice (SOA) ¹
		Over > \$5,000,000	Statement of Advice (SOA) ¹ or our Financial Questionnaire – Underwriting may request further information to support the cover (eg tax returns, loan documents)
Critical Illness	\$2,000,000	Up to \$1,500,000	Nil if multiple of earnings requirements met – see table below
		\$1,500,001 to \$2,000,000	Statement of Advice (SOA) ¹
TPD	\$3,000,000	Up to \$3,000,000	Nil if multiple of earnings requirements met – see table below
		\$3,000,001+ *Higher sums insured may be available for AAA, ACT, M, L occupations only. Please contact underwriting before applying.	Statement of Advice (SOA) ¹ or Financial Questionnaire – Underwriting may request further information to support the cover (eg tax returns, loan documents)

¹ Statement of Advice (SOA) must include:

- details of the Life to be Insured's financial position, including earnings, dependants, assets, debts
- a needs analysis
- how the sum insured was calculated.

If the SOA doesn't include this information, our Financial Questionnaire will be required. If you are applying online, a needs analysis will be collected by the Digital Underwriting Platform as part of the personal statement.

Multiple of earnings

If the sum insured exceeds the multiple of earnings shown in the table below, the underwriter may request financial information to support the cover.

Benefit	Calculation	Maximum Multiple
Life	(Age 70 – current age) x Earnings	Maximum multiple is 25x
TPD	(Age 65 – Current Age) x Earnings	Maximum multiple is 25x
Critical Illness	(Age 65 – Current Age) x Earnings	Maximum multiple is 20x

For further details about how to determine the correct financial requirements, refer to the 'Financial Underwriting' section in Underwriting Adviser Guide, in the Adviser Portal.

Where the last 2 years of financial accounts are required but are not available, the following financial information should be provided:

- established business – the most recent accounts available
- new business – interim accounts, financial projections and business plan

*Higher sums insured may be available in certain circumstances. Please discuss with Underwriting before applying.

1 Statement of Advice (SOA) must include:

- details of the Life to be Insured's financial position, including earnings, dependants, assets, debts
- a needs analysis
- how the sum insured was calculated.

If the SOA doesn't include this information, our Financial Questionnaire will be required.

2 Refer to the 'Financial Underwriting' section of the Underwriting Adviser Guide for more information on Business Insurance underwriting, including how requirements are affected by Business Safeguard Option.

Underwriting requirements tables

Income Protection

Mandatory financial evidence for Income Protection depends on proposed monthly benefit, age, occupation group and employment status.

What is the maximum monthly benefit?

The maximum monthly benefit, inclusive of Super Guarantee Benefit and Booster Option is \$30,000 per month.

Benefits are also limited to the following:

Earnings Before Disability	%*
First \$240,000	70%
From \$240,001 to \$480,000	50%
From \$480,001 (subject to the maximum benefit of \$30,000)	20%

Refer to the 'Financial Underwriting' section in Underwriting Adviser Guides for detailed information on what may be included as earnings and how the monthly benefit available may be affected by commission and bonuses, unearned income, assets and employer-provided benefits.

Which type of evidence is required?

The type of financial evidence required will depend on the customer's employment status. Refer to the table below for the requirements:

Employment status			
Employee with no ownership	Sole trader	Partnership	Owner of a company
Provide either two recent consecutive payslips, most recent PAYG summary, copy of employment contract (remuneration only), or full personal income tax returns for the last two years	Individual tax returns for the last two years, including profit and loss	Individual tax return for the last two years and partnership accounts including profit and loss and balance sheets, tax returns for the last two years	Individual tax return for the last two years, including returns for non-working spouse and for all entities, provide the last two years profit/loss statement, balance sheet and full company tax returns

For any monthly benefit, an SOA or Financial Questionnaire including details of investment and unearned income and a statement of assets and liabilities is required. The monthly benefit available may be reduced or the benefit period limited, where the Life to be Insured has high levels of investments or unearned income and/or net assets.

Business Expenses

The maximum monthly benefit available under Business Expenses insurance is \$30,000 – *Higher sums insured may be available in certain circumstances. Please discuss with Underwriting before applying.

A profit and loss account is required as proof of expenses to support a monthly benefit in excess of \$30,000.

When is financial evidence required?

Income Protection:

Monthly Benefit**	Benefit type	
	Indemnity	Agreed Value (off sale)#
Up to \$20,000	Nil	Evidence of Income is required
\$20,001 +	Evidence of Income is required	Evidence of Income is required

* If you have the Booster Option, 20% will be added to your percentage for up to 6 months.

** Monthly benefit = Income Protection Benefit plus Super Guarantee Benefit (excluding Booster Option Sum insured)

Agreed Value Income Protection is no longer available to new customers, however those customers who currently have an Agreed Value Income Protection contract may still apply for alterations to their existing policy. Where an increase in the Monthly Benefit or Benefit Period, or a reduction in the waiting period is requested we will require supporting financial evidence in all instances.

These data feeds will provide you enriched information with up to 45 insurance data fields, including information about loadings, commencement date, beneficiaries and exclusions through client management systems such as Xplan.

New business and policy alterations

Travel and residency

Does your client need to be an Australian resident?

We usually limit cover to those with permanent residency status.

Special consideration may be given if your client is in a professional occupation and has either applied for residency or is working in Australia on a temporary but long-term basis.

Commission restrictions will apply if cover is offered. Any offer of cover may be subject to restriction of cover or benefits payable should the client travel overseas.

Please contact our underwriting team before submitting the application to discuss the circumstances and whether cover can be considered.

Does your client plan to travel overseas?

Overseas residence and travel can present underwriting challenges due to factors such as differing levels of personal health and safety in regions of political instability and the global effects of war and terrorism.

We do not usually charge an additional premium for coverage unless your client intends to travel to a country or region where extra hazards exist. Depending on the extra hazards to which your client may be exposed, we may offer cover subject to special conditions such as a premium loading, war and terrorism exclusion or exclusion of cover in certain regions, or we may decline the cover outright for high risk locations.

In order to maintain a consistent approach in assessing overseas risks, we closely monitor the 'risk assessment' provided by the Australian Department of Foreign Affairs and Trade (DFAT). The travel advisories can be found at either of the following websites:

- smartraveller.gov.au
- dfat.gov.au

The nature and extent of these risks can change overnight. If your client plans to travel, or is currently travelling or residing overseas, we recommend you discuss their situation with our underwriting team.

We will consider each individual's:

- date(s) of departure
- duration of overseas travel or residence
- location of overseas travel or residence
- reason for travel.

We are unlikely to be able to offer terms on applications made immediately prior to the travel date.

Is your client an Australian

citizen living and working overseas?

Cover may be considered for clients who are Australian citizens living and working overseas. The type and amount of any cover offered will depend upon the overseas location, the client's occupation, how long they have been overseas, and how long they will remain overseas.

Refer to the section above, 'Does your client plan to travel overseas?', for further information relating to overseas travel.

We may offer cover subject to special conditions such as a premium loading, war and terrorism exclusion, exclusion of cover in certain regions, and restriction of cover while the client remains overseas.

For *Income Assure* policies or policies with an additional relevant underwriting clause applied, we'll cease to pay benefits once the claimant has been outside of Australia for three continuous months. Unless we are satisfied, based on medical evidence, that solely due to Sickness or Injury they are unable to return to Australia or unless we agree otherwise.

New business and policy alterations

General information for applications

Does your client read and understand English?

The applicant should have a full understanding of the product being purchased and the questions asked in the application. If your client does not read or understand English, interpretation must be provided by an independent person of standing in the community (eg a Justice of the Peace or minister).

Before completing the application, please ring our service team to obtain a declaration for the person acting as interpreter to complete.

Does your client have a disability claim pending?

Income Protection insurance is usually unavailable to clients who have a disability claim pending (including third-party action and workers' compensation). Individual consideration will be based on:

- type of claim
- claim status
- type and severity of injury
- current state of health.

Please contact our underwriting team before submitting the application to discuss the circumstances and whether cover can be considered.

Backdating applications

Requests to backdate applications will be considered on their merits and will be granted at our discretion.

The policy cannot be backdated to a date earlier than the signed date of the application.

Critical Illness can only be backdated when the three month waiting period has been waived on replacement business.

If we agree to backdate the application, premiums must be paid for the period from the date the policy is backdated to, up to and including the month the application is accepted and the policy completed.

What if your client has a birthday before the policy completes?

If your client has a birthday after the application has been submitted, we may do either of the following:

- Issue the policy at the higher age rate, subject to confirmation from the financial adviser or the client.
- Backdate the policy commencement so that premiums are payable from the backdated entry date at the lower age rate.

New business and policy alterations

Reinstating

Reinstating cancelled applications

If all outstanding requirements are not received within 90 days of the application signed date, the application will be cancelled.

The application may be reinstated if all the outstanding requirements are forwarded to us with a Declaration of Changes. This must be done within 12 months of completing your last application.

Thereafter we will require all outstanding requirements and a new application.

Reinstating lapsed policies

When can you reinstate?	Requirements
Within 30 days of the date of the Lapse Notice	<ul style="list-style-type: none">• Payment of outstanding premiums
After 30 days from the date of the Lapse Notice and within 6 months of the premium due date shown on this notice	<ul style="list-style-type: none">• Application for Reinstatement, and• Payment of outstanding premiums

Policies cannot be reinstated after 6 months from the premium due date shown on the Lapse Notice. However, the client can reapply for a new policy, for which full underwriting will be required.

New business and policy alterations

Continuation options for Group Insurance

Continuation options entitle the member to continue insurance under an individual policy when leaving employment without providing medical evidence.

What are the terms of eligibility?

Group Insurance

Whilst additional scheme-specific requirements may apply, the following terms will generally apply:

- The continuation option must be exercised and an application submitted within 60 days (for Income Protection/Salary Continuance and Death and/or TPD cover) of leaving the service with the employer or the option will lapse. The expiry date will be clearly set out on the continuation option form.
- The member must be aged less than 60 years of age when they apply.
- The member must be a permanent resident of Australia.
- The member has 90 days to obtain employment if continuing TPD or Salary Continuance insurance. The 90 days begins from the date the member leaves their previous employer.
- The continuation option is not available if the client is currently eligible to receive insurance payments for an illness or injury under the provisions of their group policy. It is also not available under some funds if a claim has been paid.
- The insurance under the continuation option is limited to the amount of cover provided under the policy being replaced.

- Insurance issued under the continuation option will be subject to the same loadings and/or exclusions that applied to the cover being replaced.

What cover options are available?

The continuation option form will show the sum insured available. The following options are available for Income Protection Applications:

- Super Guarantee Benefit Option (note the sum of the IP and the SGBO benefit cannot exceed the benefit to be transferred)
- Severe Disability Terms Removal Option (under *Income Assure*).

What cover options are not available?

- Booster Option.
- Premium Waiver Option.
- Buy Back Option.
- Business Safeguard Option.
- Short Waiting Period for Accidental Injury Option.
- Short Waiting Period for Accidental Injury and Critical Illness Option.

Other Restrictions

- TPD Standalone not available
- TPD Optimiser not available
- TPD Own occupation not available

Requirements

When exercising a continuation option, the member is not required to answer any medical questions.

The member will need to complete the brief questions about occupation, pastimes, smoking status, income and overseas travel. These questions are underwritten to determine eligibility.

To consider the continuation option, we require:

- a current Continuation Option Form (issued by MLC Group Insurance) completed, signed and dated by the client
- our Premium Quotation

Masterkey Continuation Options will also need the following:

- a current Amend Your Insurance Application Form issued with the Insurance PDS and/or Super PDS with the following details completed:
 - policy owner information
 - Life to be Insured information
 - nomination of beneficiary (as appropriate)
 - general declarations, signed and dated by all relevant parties
 - Direct Debit Request Schedule (DDR)/ Credit Card Deduction Authority, as required.

New business and policy alterations

How clients can pay premiums

Direct debit system

If your client operates a cheque account or non-passbook savings account at any bank or financial institution in Australia, they can make automatic premium payments directly to us and we will pay all transfer charges.

Note: Direct debiting is not available on the full range of financial institution accounts. Your client should refer to their financial institution before choosing this payment method.

The initial premium or a completed Direct Debit Request must accompany the application.

Credit card deductions

Your client can pay premiums by charging to their nominated MasterCard or Visa credit card.

The initial premium or a completed Credit Card Deduction Authority must accompany the application.

Cheque

Your client can pay their premiums direct to us by cheque or money order.

We will send your client notices for premiums prior to the due date.

The cheque or money order for the initial premium and a completed Direct Payment of Premiums form must accompany the application.

BPAY® facility

BPAY® is a facility set up with most Australian banks where a customer can pay bills using telephone or internet banking. This is done using a BPAY® biller code along with a customer reference number. The money is then transferred from the account of the policy holder into the account of the biller almost instantaneously if inside business hours.

For your clients, this means a much quicker and simpler method of making payments.

This option is generally only available if your client pays premiums directly to us by cheque or money order.

The BPAY® biller code is: 58289.

The client's customer reference number will be noted on all premium renewal notices sent to the client, arrears due and urgent payment request.

Eligible account deductions

Clients who hold an eligible account with us can arrange to pay their MLC Insurance or MLC Insurance (Super) premiums by a regular deduction from one of these accounts. Only one deduction may operate between any one of these accounts and the deductions for a policy cannot be split between these accounts.

The initial premium or a completed Deduction Authority must accompany the application.

Rollover from an external super fund

Your client can pay their premiums by rollover from an external super fund. They must be the member for both the MLC Insurance (Super) policy and the external super fund account from which the rollover will be paid.

The premium payment is treated as a partial rollover and the premium frequency is restricted to yearly, paid on the anniversary date.

These policies will also be eligible for the 15% Super Credit, which will be applied directly to the MLC Insurance (Super) policy.

See mlcinsurance.com.au/using-your-insurance/how-to-pay-your-insurance-premiums for more information, such as a list of eligible accounts and which type of premiums can be deducted from that account.

Claims procedures information

Claims procedures

Claims philosophy

The MLC Life Insurance claims philosophy is to support our customers through their time of need. We continue to raise the bar of our claims management practices and understand that delivering a sustainable claims proposition is about more than just managing claims.

We strive to make the right decisions and support fair and reasonable outcomes for our customers, their families, beneficiaries, trustees and intermediaries.

We believe that every customer has a genuine need and we work directly with them to understand their whole circumstance. Our philosophy is based on the following beliefs:

- Our people make all the difference for our customers.
- The health benefits of good work can improve our customers' enjoyment of life.
- Early, ongoing and holistic collaboration will lead to better outcomes.
- Every interaction needs to add value and focus on what can be done.

Notification

We must be notified in writing or by phone that a claim is to be made. The following details should be provided to us at that time:

- policy number(s)
- full name of policy owner(s)
- full name of the Life Insured who is the subject of the claim
- date of claim event
- cause/nature of claim
- name, address and telephone number of the person to whom correspondence is to be sent.

While these details can be taken over the phone, we can also send you or your client claim forms if that is your preferred method.

Time limits on claims

It is important to report a claim to us as soon as possible.

For Income Protection or Business Expenses insurance, we should be notified of claims within 30 days of the claimable event. Initial claim forms must be returned within 90 days or as soon as possible.

For other insurances, notification and proof of claim should be submitted as soon as possible to avoid unnecessary delays in the assessment of possible entitlements.

If proof of claim is not submitted to us within the relevant time-frame specified above, the Life Insured's entitlement to benefits may be prejudiced.

Submission of completed claim forms / Proof of Loss

Completed claim forms must be sent back to us.

Where a claim form (or section thereof) requires completion by a doctor, the claimant will be responsible for paying all associated costs.

The policy document (or evidence of Interim Accident Insurance for a pending insurance application) must be submitted for all lump sum claims.

Where a claim is ongoing, we will advise the specific requirements. For Income Protection and Business Expenses claims, the requirements usually include submission of monthly claim forms or an update obtained over the phone.

Additional Proof of Loss may be required in certain instances. When this involves a financial audit or an independent medical examination by a professional appointed by us, we will pay the associated costs.

MLC Insurance (Super) – insurance inside super

MLC Insurance (Super) provides a range of insurances to meet your clients' needs, conveniently packaged with a single policy fee and annual statement, within the superannuation environment. The insurances form part of a policy issued by MLC Limited to NULIS Nominees (Australia) Limited as the Trustee of the MLC Super Fund. Clients can select from:

- Life Cover
- Total and Permanent Disability (TPD)
- Income Protection
- Premium Waiver

Number of Lives Insured

MLC Insurance (Super) allows only one person to be insured under each policy.

Policy ownership

If a client takes MLC Insurance (Super), they become a member of the MLC Super Fund. The Trustee of the MLC Super Fund takes out a policy on the client and thus becomes the policy owner. Any benefit payable is paid to the Trustee.

The Trustee pays the benefit to the client's beneficiaries in accordance with the Trust Deed for the MLC Super Fund and subject to super laws and restrictions.

MLC Insurance – insurance outside super

MLC Insurance offers a portfolio of insurances to suit your clients' needs. As life is full of changes, clients can modify their insurance cover in the future, making this an excellent insurance option for individuals and small family businesses or partnerships. Clients can select from:

- Life Cover
- Total and Permanent Disability (TPD)
- Critical Illness
- Income Protection
- Business Expenses
- Premium Waiver
- Occupationally acquired HIV or Hepatitis B and C
- Child Critical Illness Insurance.

Number of Lives Insured

MLC Insurance allows only one person to be insured under each policy.

Product information

Policy structures

Policy ownership

One 'entity' owns the policy. Ownership must be the same for all insurances under the one policy. The 'entity' can be an individual (or up to six individuals as joint owners), a company, a partnership or the trustees of a family trust or superannuation fund.

Income Protection and Business Expenses third-party ownership

Where Income Protection is included in a policy, there are some restrictions on ownership. Generally, the Life Insured for Income Protection must be the policy owner.

As premiums are generally tax deductible to the policy owner and proceeds are generally assessable in the hands of the recipient, the person who receives the benefit must be the same person who pays the premium.

This means that if Income Protection is to be included in a policy, the Life Insured must own that policy. The policy cannot be jointly owned.

The only exceptions to the ownership rule occur where the policy is owned by:

- a company (as a guide, the person insured would need to have a minimum 25% holding in the company)
- a partnership, or
- the trustee(s) of a family trust or superannuation fund, refer to the 'Ownership by a trust or self-managed super fund' section on this page.

In such cases the relationship must be clearly indicated on the Application Form.

Third-party ownership is subject to insurable interest satisfactory to us and underwriting approval. The same rules apply for Business Expenses.

Ownership by a trust or self-managed super fund

Unlike an individual or a company, a trust is not a legal entity and therefore cannot own property in its own right.

A trust exists when a person (or persons) or company acts/holds/manages certain property (as trustee) for the benefit of others (beneficiaries). The trust deed describes the relationship between the trustee(s) and the beneficiaries (ie that the trustees have ownership of some property and will hold / dispose of / otherwise deal with it for the benefit of the beneficiaries). The terms of the trust deed for the trust or SMSF will govern the obligations of the individuals or company when they act for the trustees of a trust. In these circumstances, MLC Insurance ownership must be registered in the name of the trustees (ie the individuals or company acting in this role). For example, the appropriate owner would be 'Susan Elizabeth Jones and Steven John Jones ATF [as Trustees for] the Jones Family Super Fund' or 'Jones Pty Ltd ATF Jones Family Super Fund'. It will also be noted on the policy that the persons or company owning the policy do so as trustees.

Please ensure these ownership details are provided correctly on the Application Form. If forms are submitted with ownership details incorrectly completed for a trust situation (for example, the Application Form completed with the owner being the trust or SMSF name rather than the trustees' names) the form will need to be amended.

If the trustees of the trust or SMSF are individuals, all the trustees are required to sign as a policy owner in the declaration section of the Application Form. If the trustee is a company, the policy owner signature requirements will be the same as outlined for a company in the declaration section of the Application to amend your insurance form.

All of the insurances under MLC Insurance can be applied for when it is proposed that the owner(s) of the policy will be the trustee(s).

Structuring insurance between policies using Connected Benefits

Connected Benefits provide greater flexibility for cost-effectively structuring insurance across policies and products, inside and outside superannuation, where each policy has different owners for insurance on the same Life Insured.

The examples on the following pages illustrate how this concept works.

Product information

Policy structures

Example 1: Structuring insurance inside and outside superannuation

Mary, a single 40-year-old accountant with two children, living in NSW, requires \$1,000,000 of Life Cover, \$200,000 of TPD insurance and \$200,000 of Critical Illness insurance and wishes to pay her premiums annually.

Using Connected Benefits, Mary applies for Life Cover insurance within superannuation, under an MLC Insurance (Super) policy owned by the MLC Super Fund, and owns TPD and Critical Illness insurances under MLC Insurance which are connected to the Life Cover.

Connected Benefits between MLC Insurance (Super) and MLC Insurance policies

Example 2: Structuring insurance inside and outside superannuation (with an external trustee)

John, a married 43-year-old company director, can own Critical Illness insurance as part of his Life Cover, even though the Life Cover is owned by his self-managed super fund, if the Critical Illness insurance is issued as a Connected Benefit under his own name.

Connected Benefits between MLC Insurance policies

Connected Benefits can also be used where clients wish to structure their insurance for business and personal purposes within the MLC Insurance product.

Policy structures

Example 3: Structuring insurance for business and personal purposes

David, a single 36-year-old company director, can own Critical Illness insurance as part of his Life Cover but have the Life Cover and TPD insurance owned by the business if the Critical Illness insurance is issued as a Connected Benefit under his own name.

Connected Benefits between MLC Insurance policies

These examples demonstrate how clients can purchase Critical Illness or TPD as an 'extension' to their Life Cover which sits on a separate policy with a different policy owner to avoid 'overinsuring' or paying stand-alone rates.

Fees and payment methods under Connected Benefits

Only the base Life Cover policy will be charged a policy fee. The Connected Benefits policy (TPD Extension and/or Critical Illness Extension) will not incur a policy fee.

Each policy can continue to have different payment methods.

Stamp Duty is payable for the Connected Benefit at General Insurance rates based on the state of residence of the Life Insured.

Setting up Connected Benefits

The entry/start date of the Connected Benefit must be equal to or later than the entry date of the Life Cover.

A Life Insured can have only one separate policy with Connected Benefits connected to their Life Cover.

Only Child Critical Illness can be on the same policy as Connected Benefits.

The process of setting up Connected Benefits for existing clients may require part or all of their existing policy to be cancelled with a new policy to be set up.

Policy structures

Sums insured, claims, cancellation and options with Connected Benefits

The sum of the Extension benefits, including Connected Benefits, cannot exceed the Life Cover that it is connected to.

Where a benefit is paid for a Connected Benefit, the connected Life Cover will be reduced accordingly.

When a Life Cover benefit is cancelled, any Connected Benefits will also be cancelled.

Policies with Connected Benefits will not commence until the policy with Life Cover that they are connected to has commenced.

Where the Life Cover Buy Back has been purchased on a Connected Benefit, only the owner of the policy with the Life Cover can exercise the option.

Rules unaffected by Connected Benefits

The following product rules remain the same irrespective of whether TPD and/or Critical Illness are purchased as Connected Benefits:

- Business Safeguard Option
- minimum and maximum entry ages
- Substitute Business Rules.

Nominating a beneficiary

Features	Option 1 Non-binding death benefit	Option 2 Non-lapsing binding death benefit	Option 3 No nomination
Trustee involvement	The Trustee will generally take nominated beneficiaries into account, but depending on the circumstances at the time of death and the circumstances of potential beneficiaries, the Trustee may pay the benefit differently.	If the nomination is valid, the Trustee must pay the death benefit to the dependant(s) or legal personal representative nominated and in the proportions nominated.	Trustee discretion applies when there is no nomination.
Facilitates tax-efficient estate planning	Possibly (depending on client's estate plan).	Possibly (depending on client's estate plan).	Possibly (depending on client's estate plan).
Duration of nomination	Valid until cancelled or modified by the client.	Valid until cancelled or modified by the client.	Valid until cancelled or modified by the client.

There are rules that apply to nominating a beneficiary using these options:

- a non-lapsing binding death benefit nomination will become invalid if a nominated beneficiary (other than the legal personal representative) is not a dependant at the time of the Life Insured's death; the invalid beneficiary's portion will be subject to Trustee determination.
